How to Use the Starpath™ SuperCharger™ System

- ▶ Set up your Atari® Video Computer System™ (or any similar game system that takes Video Computer System game cartridges) according to manufacturer instructions. Use joystick controllers.
- ▶ Make sure power switch is OFF, and insert the Starpath™ Supercharger™ with label up. Be careful not to force it or to insert it crookedly.
- ▶ Connect the plug on the end of the Supercharger™ cable to the earphone jack of any cassette recorder/player.* (This jack may also be labeled "monitor," "mon.," "ear," or "output.")
- ▶ For best results, keep the cassette player at least a few inches away from the TV set.
- ▶ Turn the power switch of the game ON. The TV screen should read "REWIND TAPE, PRESS PLAY." If not, turn the power off and check to be sure the system is properly hooked up and the Supercharger™ is fully inserted.
- ▶ Insert Side A of FROGGER.™ Side A of the cassette is the quick load side; Side B is the standard load side. Some cassette players may not load reliably on the

* If you use a large cassette deck with a "phone" type earphone plug, you may purchase

quick load side. If so, flip the tape over and use Side B.

- ▶ Set volume and tone controls near high or maximum.
- ▶ Press REWIND and wait until the tape stops moving. Now press PLAY.
- ▶ In a few moments, you will hear the sounds of the

game loading and see colored panels fill the screen. A moment later "STOP TAPE" will appear, and you'll be ready to play The Official FROGGER™ by Sega®

If you have trouble...

- ▶ If the tape player makes a screeching noise, you have not plugged the Supercharger™ cable into the earphone jack.
- ▶ If the tape doesn't move, check the batteries in the cassette player.
- ▶ Rewind the tape completely and try again.
- ▶ Try Side B of the game cassette if Side A won't load properly.

Set volume and tone controls at high or maximum.

- ▶ Move the cassette player farther from the TV set and try again.

THE **FROGGER**™ BY SEGA®

The Object: Jump across the freeway and the river to the safety of home.

The Situation: You are a frog with seven lives. You are on the shoulder of the freeway waiting for the opportunity to cross. Cars, trucks and bulldozers are traveling past you at various speeds. Try and jump across the freeway to the safety barrier. But watch out, if you get hit you'll lose a life.

Next you must navigate the river. Leap on logs and jump upon turtles' backs to make your way to the opposite bank and the safety of the frog bays. Beware of diving turtles; you can only use them while they're floating.

In more difficult levels, you'll encounter snakes, otters and crocodiles. They will make the river more dangerous than ever.

Game play:

Moves. Use the joystick to leap up, down, left and right.

Joystick button. The joystick button is not used.

Game select switch. The game select switch is used to select either the one or two player mode. When first loaded, the game will be in the one player mode.

Reset. Press reset to start a new game.

Color B/W Switch. Color B/W Switch is not used.

Difficulty switches. In the "A" position (more difficult), you'll lose a life if you float beyond the edge of the river (screen). In the "B" position, you will appear again on the other side of the screen. The left difficulty switch is for player 1 and the right difficulty switch is for player two.

Scoring. Each safe leap forward on the highway or river is worth 10 points. Going back and forth will not add points. Getting into a frog bay is worth 50 points. Filling all five frog bays (completing a wave) gives you 1000 extra points. Each count left on the timer will add 10 bonus points. If you carry the lady frog home, you will receive 200 bonus points. Catching a fly will give you 200 more bonus points. You will get an extra life when you reach 20,000 points.

At the end of the game, your score will be displayed along with the current high score.

Tips for top score: If the lady frog is too far away, it may not pay to use the time to try for the 200 bonus points.

The backs of the crocodiles can be used for travel, but stay away from their mouths.

Limited 90 Day Warranty
